SD cards for true professionals

Exascend's Catalyst series V90 SD cards deliver incredible read and write performance that guarantees frictionless footage capture and offload – so you can let your creativity flourish.

With their rugged design, durability, and feature-rich features, our Catalyst UHS-II SD cards are ideal for the next generation of cinematography and photography.

More than just storage

- Optimized for demanding cinematography, including 4K RAW and high-FPS recording
- Excels in tough environments with extreme ruggedness and environmental hardening
- Generous limited-lifetime warranty

Engineered for the real world
