

# NITRO

## CFexpress 4.0 Type A Card Reader

Built for creators on the move, this ultra-fast reader delivers speeds up to 40Gb/s to keep your workflow smooth and efficient. Housed in a sleek aluminum casing with enhanced cooling, it features a magnetic mount and lanyard hole for flexible, travel-ready setup.

### ULTRA FAST

Transfer data at lightning speed of up to 40Gbps\*

### MAGNET MOUNT

Secure attachment with durable metal ring sticker

### PORTABLE DESIGN

Lanyard hole for easy carrying on the go

### TYPE A CARD COMPATIBILITY

Engineered for CFexpress 4.0 and 2.0 compatibility

### EFFICIENT COOLING

Aluminum casing and thermal pad for enhanced heat dissipation

### TWO-YEAR WARRANTY

Comes with a generous two-year warranty

\*To achieve the highest bandwidth of 40Gbps, both the host and USB-C cable must support USB 4.0. Transfer speeds may also vary depending on the CFexpress Type A card in use, with current cards supporting up to 20Gbps based on existing standards.

### Blazing-Fast Transfers

40Gb/s transfer speed for fast, seamless offloads of 12K videos and large RAW files.

### Seamless Compatibility

Pairs with Exascend CFexpress 4.0 Type A cards to support heavy, high-speed workflows.

### Easy Portability

With a magnetic mount and lanyard hole, it's built for a tidy, travel-ready setup.
